ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

19th EDITION (1966) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION
"TRENDS" & OTHER AUCTION RECORDS USED IN CATALOGING
THIS SALE

Currency, scarce and rare gold, large cents, types, proofs and small cents seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING

SUCCESSIVE CATALOGS WITHOUT INTERRUPTION

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having cataloged over two hundred fifty-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

89.	1851 Acquired in 1962 as, "Purchased as a PROOF, however it may be a "presentation piece." It has a lovely Proof surface and many of the characteristics of a full proof (proofs prior to 1858 were not made for sale to collectors but were made on special order. Some resemble the later proofs in appearance and some resemble them in only some of the aspects. We prefer the term "presentation piece" as that is the purpose for which the majority were intended). We can trace the history of this piece back to 1957 when it changed hands then at \$375. We note a West Coast dealer has an 1856 proof for sale at about five times this amount. It is difficult to value this specimen but it should surely bring at least double its 1957 value or at least	750.00"

ONLY TYPE II DAHLONEGA MINT DOLLAR! OF THE ONLY 1811 ISSUED OVER A CENTURY AGO, very few have survived. MISSING IN MANY OF THE LARGER COLLECTIONS! We note trends has it at \$3500 unc. Acquired in 1963 when it was valued at \$3,000.00

107.	1856 TYPE III, LARGER BUST, slant 5, acquired in 1962 as, "Appears to be a PROOF (for which it was acquired) at first glance but since it has been cleaned, we cannot be positive. We note a proof presently being offered by a West Coast dealer at around \$2,000.00. Of course, this specimen not worth as much as that one." Under a powerful glass, we believe this to be uncirculated with some prooflike surface.	100.00

PRESIDENTIAL CAMPAIGN FLAG

A most unusual collection of flags used during the campaigns of the various presidents. These are all now quite scarce with some rare and very rare. Truly, an unusual opportunity to "dress up" a collection of coins, currency or "Americana" with interesting background material sure to attract attention whenever displayed. Properly "written-up" we cannot help but see why these flags (as a collection in themselves or as background material for other collections) would not qualify for a prize when exhibited.

TYPE III SILVER DOLLAR 1797 9x7 STARS

351. 1797 B-1, 9x7 Stars, Large Letters, extremely fine. RARE. 575.00

TYPE IV SILVER DOLLAR 1797 10x6 STARS

352. 1797 B-3, 10x6 Stars (we have never seen any reason stated for the change in arrangement of the stars, altho there must have been some reason) very fine. Research in recent years reveals this is **50% RARER THAN 9X7 STARS!** 400.00

TYPE II SILVER DOLLAR 1798 15 STARS, SMALL EAGLE

Evidently a die started in 1796 and completed then in everything except the date, which was hurriedly punched into the die early in 1798. Only a few struck to "tide over" until the 13 star die was ready. It was realized how impractical it would be to add a star for each new state, therefore the number of stars was standardized at 13.

353. 1798 B-2A, 15 Stars, Small Eagle, Small Letters TYPE OF 1796, die break between 15th star and bust, extending to border, a choice nearly Uncirculated specimen of this **EXTREMELY RARE VARIETY.** \$ 950.00

The scarcest denomination U. S. coin issued for circulation! Struck from 1854-1889 in quantities of only a few to around 1,000 in many instances. The "commonest" was issued in a quantity of only 138,618, which would be scarce in a \$20 (a high percentage issued in 1,000,000 or so quantities). When the fact is taken into consideration that a number were melted in 1933 when the gold was "called in" and a number are defective (used for jewelry) present prices appear to be "bargains." We believe this situation will change in the not too distant future and prices will be substantitally higher then.

\$4 1879 GOLD STELLA

A proposed coin for International Trade; 415 were issued for distribution to Congressmen, Cabinet Members, President and other interested people in order to influence them to approve its issue as a regular coin. The coin never was approved, but some did circulate as they had UNITED STATES OF AMERICA on them and contained \$4 in gold. We have occasionally seen these included in EROTICA collections as shortly after the coins appeared, they became popular with the "Madams." They had them holed and wore them as jewelry. This is readily understandable as they are beautiful pieces. Incidentally, we have seen proportionately more holed specimens of this coin than any other U. S. coin.

524. \$50 1870 F-1160, FIRST NATIONAL GOLD BANK OF SAN FRANCISCO. Acquired some time ago from a leading authority as "Expertly laminated, this **EXTRAORDINARY RARE BILL** now presents a very good appearance. The restoration work was obviously made necessary by four vertical folds, where the paper broke. Certainly acceptable, when one considers that **THIS DENOMINATION IS BY FAR THE RAREST IN THE NATIONAL GOLD BANK SERIES!** Neither the celebrated Philpott nor Schermerhorn collections ever contained a specimen. **ONLY TWO OTHER \$50 NGBN's** known, F-1160, 1161, both in the same collection and off the market!" The present owner paid \$5000 for this several years ago; surely this virtually **UNIQUE OFFERING** should now exceed **\$10,000.00**

LETTERED EDGE HALF DOLLARS, 1794-1836

659. **TYPE I, 15 STARS (states) FLOWING HAIR, 1794** mostly very good but bruised, two attempted punctures on reverse. **RARE.** Very good catalogs --- 350.00

660. **1795 REVERSE 1794, (Very Rare) B-11a**, extremely fine, sharper than the Beistle plate coin! Probaby **THE FINEST KNOWN OF THIS VERY RARE VARIETY.** **\$2,000.00**

661. **1795 CORRECTED ERROR REVERSE DIE, "STETES" CORRECTED TO "STATES"** with Top of "E" Quite Sharp, about very fine (outer portions sharper than center). 600.00

662. TYPE III, 16 STARS (Tennessee became a state) HAIR IN KNOT, SMALLER EAGLE, "1/2" ADDED BELOW, fine and sharp obverse, extremely fine reverse. VERY RARE. Seldom offered. Catalogs a ridiculous \$4500 v.f., nearly the same as the 1796 15 stars in spite of the fact that it is considerably rarer; a more appropriate valuation would be closer to\$6,000.00

663. TYPE II, 15 STARS, HAIR IN KNOT, SMALL EAGLE AND "1/2", 1797 extremely fine rather than the "about uncirculated" for which acquired. Evidently, the die was completed early in 1796 but without the date, then the date 1797 was added to fill the sudden demand in 1797. Certainly now worth over its purchase price of \$5,000 in 1963; perhaps closer to\$6,500.00
